

## Dugite 316 S/Steel Keylock Removable Bollard

### DESCRIPTION

The Dugite removable bollard is the ideal solution when a retractable bollard cannot be used. Manufactured from galvanised steel and finished with yellow reflective tape. Removable bollards are an ideal solution to control vehicle access on any entry point including roller doors, gates, perimeter doors and lane ways.

### FEATURES

- 316 Marine Grade Stainless Steel with one yellow reflective tape band
- Hot dip galvanised ground sleeve and cap for when bollard is removed
- Oval cylinder with two keys supplied per bollard
- Matches Stainless Steel retractable bollards when ground depth is a problem
- Installation Service Available
