

## Dugite Flexible Bollard 114mm x 1300mm Surface Mount

## **DESCRIPTION**

The Dugite Flexible Bollard is manufactured from galvanised steel. These bollards stand 1300mm high and are 114mm wide. They have a spring in the bottom of the bollard allowing the bollard to tip over when hit and spring back after impact. The bollards are powder coated Safety yellow.

## **FEATURES**

- Ideal for car parks & warehouses
- Surface Mount
- Reduces damage to floors caused when rigid bollards are pulled from their mountings
- Installation Service Avaliable
- · Powder coated safety yellow
